A very warm welcome to Offenbach!

Dear Sir/Madam,

A very warm welcome to Offenbach! We want you to feel comfortable in your new hometown from day one. We will be pleased to help you deal with all the necessary formalities as comfortably and quickly as possible.

Amongst other services, appointments with the employees of our citizens' office are readily available, either directly or online. You can update your address details with us, have your car registration altered, and order electricity or gas supply and as well as further energy services in the adjacent EVO-ServicePoint. Furthermore our citizens' office is only five minutes located in walking distance from the Sparkasse Offenbach Bank where you can open your new bank account.

The new citizen brochure and city map will help you quickly find your way in Offenbach. It not only contains all the key addresses and contact points in compact form, but also provides details about public transport, children's day care centres, schools as well as energy saving subsidies.

The Inside Offenbach leaflet is aimed at sparking your interest in discovery. After all, your new hometown has a lot to offer: rich culture along the Main, parks, the weather park with its unique combination of nature and science, the Wilhelmsplatz boasting a variety of culinary delights in the heart of the city, the special feeling in the stadium Sparda-Bank-Hessen-Stadion and much more ...

Discover Offenbach on your own or use the numerous tips provided on events happening in your new home city. We hope you will soon feel at home in Offenbach.

Dr. Felix Schwenke
